

2017 Ernst Haeckel: Art Forms in Nature Wall Calendar

Art Forms in Nature encapsulates biologist Ernst Haeckel's response to Charles Darwin's *On the Origin of Species*. Haeckel (German, 1834-1919) published these superbly rendered depictions of flora and fauna from 1899 to 1904, aiming to widen the general public's understanding of naturalism. Haeckel's elaborate forms have been called a precursor to art nouveau, and his influence even stretched to architecture.
