

The Curious Case of The Stolen Stockings (Bureau of Burlesque) (Volume 2)

Part 2 of The Bureau of Burlesque series. A crime has been committed Or has it? In the sleepy village of Little Hatten the disappearance of some stockings has caused a minor sensation at the new ladies private detective business Cadette Investigation Agency. Carrie thinks it could be a new burlesquer simply borrowing them, but Odette is not so sure However the fledgling enterprise, run by best friends Carrie and Odette, has a bigger case of suspected adultery on their hands, which they label Operation Rabbit. When it comes to relationships Carrie faces the dilemma of confronting her duplicitous ex-husband, but the women vow to live life to the max and consequently their love lives follow exciting twists and turns. Will they find true love and, more importantly, will they solve the cases they embark on? And as for burlesque The women fully embrace the Sisterhood of the Sequins as they release their Inner Goddess to often hilarious but life-affirming results. Join Carrie and Odette in the second part of the Bureau of Burlesque series when their new enterprise takes off in this heart-warming tale of friendship, intrigue, laughter, love and feather boas. Reviews of Episode 1 - It Began With Burlesque: Such a wonderful change from the run of the mill romance novels. This is very different - humorous, intriguing and entertaining. Introducing burlesque is inspirational (fancy a go myself now) but this is predominantly a story of friendship and of trying to find romance again. Simply Brilliant! Next instalment due out this summer - Yippee! This is a page turner full of laughs, witty observations and just enough pathos to keep the balance. Great to relax with on holiday or just after a long day at work. This was such a very good book, it has comedy, mystery, and romance!! Its a wonderful story about friendship!!! Loved it!!! Light hearted and fun, made me laugh out loud at times. Lots of things a girl can

relate to. Cant wait for the next one.
