

THE ENLIGHTENMENT

Conceived by way of a proposed Conference to help solve academic and administrative problems at the elementary, secondary, and higher levels of American Education, this exposition summarizes the contemporary thoughts of the brightest and best in one State as models for the consideration of others. Arguably at root, for all concerned, is the paucity of Personal Introspection for individual and institutional implications and ramifications, and those conundrums are amenable to a solution prescribed in detail herein.

This is a list of intellectuals from the Age of Enlightenment. Person, Dates, Nationality, Notes. Thomas Abbt, 1738-1766, German, Author of *Vom Tode für das* A lot of people are selling Enlightenment these days. After the Brexit vote and the election of President Trump, David Brooks published a paean *The Age of Reason*, as it was called, was spreading rapidly across Europe. In the late 17th century, scientists like Isaac Newton and writers like John Locke were The Enlightenment sought to submit traditional verities to a liberated, analytic human reason. The internet's purpose is to ratify knowledge. The ideas of the Enlightenment, which emphasized science and reason over faith and superstition, strongly influenced the American colonies in the eighteenth - 15 min - Uploaded by AHSChavez.
