

Find Money Every Day (The Essence of Money Series Book 2)

Can you really find money every day? Yes! There are three ways. 1. Increase your income. 2. Decrease your expenses. 3. Manifest it. Oh, good. You're still here. Sometimes, I say, manifest it to people and their reaction is to roll their eyes, cover their ears, and sing la, la, la. (Actually, no one has sang la, la, la yet.) The first time I tried to manifest it I found money every day for 46 days in a row even though I only used the techniques for 30 days. Usually, I found dimes, quarters, ones, and twenties. However, on day 34, I found \$213.34. You can learn how to do this. In fact, if you put your mind to these ideas, you'll start finding money immediately. You learn by doing. You know the old saying, I'll believe it when I see it. You have it backwards. You'll see it when you believe it so you'll take small steps at first. If you want to manifest \$20,000 and you've never manifested \$20, you need to learn that first. If you have never manifested \$20, you need to learn how to manifest \$1 first. This book doesn't teach you how to get rich quick. Nor, will it teach how to budget. It teaches you how to manifest money by first finding money every day! Here is something interesting. I can read minds (maybe). When I mentioned manifesting money, did you think, Yeah, yeah, yeah, if I don't spend a dollar, it's like making a dollar? That's true but it isn't manifesting. As you'll see when you read my story, it is possible to make money appear. It is not magic. In this book, you learn some obvious things that you should know, some not very obvious things that you probably don't know, and some things that just aren't obvious so you probably don't know them. Whew, that's a mouthful! You are a sensible, reasonable person. You know money doesn't grow on trees. It's just made out of trees. You also know that money doesn't just appear out of nowhere. Or, does it? Let me tell you my story.
